Welcome to

OCEAN HOUSE

ELLINGTON

An exclusive collection of oceanfront residences surrounded by an oasis of palm trees and abundant flora and fauna delivering dramatic views of the ocean's turquoise water.

A home of unique experiences curated for residents seeking a lifestyle incomparable to anywhere else

An aerial photograph of Palm Jumeirah, Dubai, at sunset. The island is crescent-shaped and surrounded by deep blue water. The sky is filled with soft, golden light and wispy clouds. In the background, the Dubai skyline is visible, including several tall skyscrapers. The foreground shows the curved edge of the island with some buildings and greenery.

A continuation of a design legacy on the Palm's Northeastern Crescent

Palm Jumeirah embodies a modern era of leisure and innovation. Yet through its relationship with the sea, it is forever linked to Dubai's maritime heritage by 17 fronds and a crescent-shaped outer beach reconnecting the city with the restorative effects of the ocean.

Far more than an island, The Palm is a true marvel of engineering symbolic of the region's yearning for individualism and modernization.

Discover a new state of flow

Ocean House is a design identity that links the fluidity of the ocean to the curves of the property's architecture. Using soft shadows and intricate textures, it communicates a seamless state of flow.

Every detail matters

In both its interior and exterior, Ocean House's, design language exudes uniqueness and embraces the unexpected. Contemporary unprecedented layers and shapes, clean travertine tones, natural woods and the masterful use of natural light reflect a design philosophy in which elegance and appreciation for sleek structures become then the ultimate expression of luxury.
